“STRIVING TO SERVE THE COMMUNITY”

YOUTH EXPLOSION FESTIVAL & GOD'S CLOTHES CONSIGNMENT STORE
KEOLIVER 'SKIP' MCCALL, EXECUTIVE DIRECTOR

April 15, 2011

Dear Participants & Supporters,

Due to illnesses and upcoming surgeries among our Board of Directors, we will not be able to have YOUTH EXPLOSION 2011. We apologize for any inconvenience that this may cause you our participants & supporters, but it is unavoidable. We are a small all-volunteer organization and we do not have staff to be able to handle carrying out this venue without our direct involvement.

Last year, we are proud to have impacted the needs of 40 youth in our community through scholarship money as a result of our Talent STARcase 2010 contest. We had talented winners that showed what can be done with our youth, if given the opportunities to remove themselves from the negative influences, that tug at them constantly within our community. This year our intent was to add another component, the Essay/Public Speaking STARcase 2011 contest. This will be a part of next years festivities.

While the emphasis of the Youth Explosion is directed at the youth in our community, we most vehemently assert that our youth cannot pull themselves out of their negative environment without the sincere, dedicated commitment of loving, caring, helping and demonstrative adults. These adults are needed to provide assistance by being role models, mentors, parents, caregivers, nurturers and believers that our youth are not lost. So while we may show examples of career paths available to our youth, we also will continue to have available, immediate job opportunities to those parents, caregivers and supporters that are in need of current employment. We have many other attractions which target adults as well.

We at Patchwork Enterprises Inc have a commitment to our community and to our youth which are our future. While we are not able to have this years Youth Explosion, we do intend to put on this event next year. So we would appreciate your keeping these tentative dates in mind; June 1st & 2nd, 2012. Thank you from all of us at Patchwork Enterprises Inc for all you have done for us! We pray that we see you next year as we continue to fight for our communities.

Sincerely yours,
KeOliver 'Skip' McCall
Executive Director
